

Text Me

ABOVE: receive and send messages via a dedicated number

TextMe provides you with a dedicated number to receive and send text messages.

- ✓ Dedicated number
- ✓ Replies to email
- ✓ No premium charge
- ✓ Comprehensive reporting
- ✓ No hardware or software required

Features

- Once Text Me has been enabled on your account, every text message will come from your dedicated number regardless of the Red Oxygen product that is used.
- When a text message is sent to your Text Me number, it will be forwarded to an email address of your choosing. If you reply to this email, it will be sent back to the message originator's mobile phone as a text message.
- View messages sent and received through your Text Me number.
- No Premium Charge: Text Me gives you a long code number, which does not incur a premium charges to the sender.
- Text Me does not require you to purchase any additional hardware.
